"As a passionate web developer, I bring a proven track record of designing and implementing visually stunning, responsive, and user-friendly websites. My expertise in front-end and back-end technologies, coupled with a commitment to staying abreast of industry trends, positions me as an ideal candidate to contribute innovative solutions and drive impactful results for your organization."

## Education

- **Baccalaureat**  
From October 2016 to August 2017 [MBELE LIBREVILLE](#) series D
- **Bachelor Of Computer Science**  
From November 2017 to December 2020 [SUP'INFO SENEGAL](#), Dakar  
My training was richer in practice than in theory. It allowed me to acquire skills as a software developer. We have developed many applications as in business because we have always been evaluated on projects at the end of each module, which helps me to master different technologies.
- **Certificate of proficiency of English**  
From January 2022 to January 2023 [PINNACLE LANGUAGE SCHOOL](#) Greater Accra Region, Ghana  
Learning English brought me about a myriad of advantages that extend beyond mere linguistic proficiency, enriching my personal, professional, and cultural experiences.

## Work experience

- **PHP developer**  
From June 2020 to June 2021 [ECODE SENEGAL](#), Dakar  
I have developed web-based PHP applications for deployment on premiums service platforms and integrated backend data services to expand available resources within software.  
I have participated in pre-project analysis and technical assessments to develop user-friendly interface and correct functionality.  
Ecode helped me to get a strong education in latest technologies, software and hardware products for use in various projects.
- **Web developer**  
From July 2021 to December 2021 [MAYELA CONSULTING SENEGAL](#), Dakar  
In summary, working for MAYELA CONSULTING offers me, not only financial rewards, but also opportunities for skill development, I have learnt how to work with API using Laravel and other technologies such as JavaScript, MySQL, Bootstrap. This software company gave me personal satisfaction through contributing to impactful projects.
- **IT SUPPORT TECHNICIAN**  
From April 2022 to March 2023 [PINNACLE LANGUAGE SCHOOL](#) GHANA, Accra  
I was in charge of developing site content and graphic by coordinating with copywriters and graphic artists, installing new systems, replacement parts and components to maintain proper operation, removing malware and viruses from laptops and desktop systems using specialised software and updating software versions with patches and new installations to close security loopholes and protect users.
